

Konica Minolta 353P

instalación drivers (script PL)

```
1. # ./install.pl /etc/cups/cupsd.conf
```

→ no funciona

instalación drivers (manual)

1. descomprimir dbhc203psc200en

```
2. # cp *.ppd /usr/share/cups/model
```

```
3. # chmod 644 /usr/share/cups/model/*
```

```
4. # cp *.pl /usr/lib/cups/filter  
- <code bash># chmod 755 /usr/lib/cups/filter/*
```

```
5. # service cups restart
```

añadir impresora

seguir instrucciones manuales driver (copiar ficher PPD y PL donde dice), instalar impresora vía ipp: /192.168.1.41/ipp
